Do you have any more emails regarding the thought process associated with this transfer? Thanks, Linda

**Subject:** RIF List and Temps

Hello,

There was a request from the union to look at temps in conjunction with the RIFs. As part of the FY11 budget we have \$33,500 set aside for data entry services in the drug lab in the temp line. We have Zanolli on the RIF list who does data entry and her annualized salary is \$46,426. We need to take Zanolli off of the RIF list and transfer her to the drug lab. I can find \$13K somewhere to cover the difference. This will be well worth the blow back we'd get if we didn't make this move.

Call if you have questions.

Grace
